# About this guide

## WHAT is this guide used for?

This guide includes context and step-by-step 'how to's' about the **D365 F&O: AR Collections Overdue Customers process**. It has been developed as the primary on-the-job reference to support WTG team members responsible for completing D365 F&O system tasks.

## HOW to navigate this guide?

This guide is made up of Parts and Topics. A Part represents a collection of related topics (e.g., a set of related procedures). A Topic represents a specific item of information related to the Part. Each Part and Topic can be accessed from the Table of Contents.

## Part 1: What do I need to know?

This part provides an overview of the end-to-end business process covered in this document. It outlines the purpose, scope, and context of the process within the broader functional stream, and introduces key roles, systems, and activities involved.

## Part 2: How do I do it?

This part contains detailed steps on completing specific tasks in the D365 system. The instructions used in this guided approach are split into two main (2) sections:

- Action: section one (1) of the information table; one individual action per row, beginning with an italicized verb.
- Description: section two (2) of the information table; location, exact values, context, expected results and relevant notes.

**Note:** Part 1 and Part 2 will be consistent across all D365 Procedure Guides (PGs). PGs may include additional Parts covering major topics related to the specific module / PG.

## Hyperlinks

Hyperlinks are used throughout this document. *Click* on a hyperlink to directly navigate to another topic in this guide, or to an external resource.

## Key

The table below defines what colors are used to highlight specific sections in this document:

| Color | Definition |
|---|---|
| | Highlight an off-system action |
| | Highlights the start / end of a step. |
| | Highlights the end of the process. |

# Part 1: What do I need to know? (AR Collections Overdue Customers)

## High-level process

### Part Description

This guide explains how a Collections Officer reviews **Customers overdue** to find customers with overdue balances for an aging period, and then checks that a customer's overdue balance is valid before contacting them. Recording the contact, investigating the full customer account and the aging indicators are outside the scope of this guide.

### Initiation

- A Collections Officer needs to identify which customers to contact about overdue balances.

### Stream

| Stream | Process Area | Key Roles |
|---|---|---|
| Accounts Receivable | AR Collections | • Collections Officer |

### Process

The high-level process is as follows:

| # | Action | Who | When | Where |
|---|---|---|---|---|
| 1 | Review Customers Overdue | Collections Officer | When identifying customers to contact about overdue balances | D365 |
| 2 | Check an Overdue Balance Before Contact | Collections Officer | Before contacting a customer about an overdue balance | D365 |

© 2026 WiseTech Global

# Roles and responsibilities

## Overview

The Collections Officer reviews overdue customers in their own D365 session.

| Tasks / Business Roles | Collections Officer |
|---|---|
| Review Customers Overdue | R |
| Check an Overdue Balance Before Contact | R |

*R = Responsible

# Key concepts

## Overview

Before you start, you need to know what Customers overdue shows, how aging periods and amounts work on the page, and the rule for checking a balance before contact.

## Customers overdue

| Term | Description |
|---|---|
| **Customers overdue** | A page in the **Customer credit and collections** workspace that lists customers with overdue balances. |
| **Aging period** | The page shows overdue balances for the aging period you select, for example **90+** or **61-90** days. |
| **Balance due and overdue amount** | The balance due is the customer's total outstanding balance. The overdue amount is the part that is past its due date. The two can differ. |

## Before contacting a customer

| Rule | Description |
|---|---|
| **Check the balance first** | Investigate an overdue balance before you contact the customer. A low-value balance may represent fees or an overpayment rather than an unpaid invoice. |

# Part 2: How do I do it? (AR Collections Overdue Customers)

## 1. Review Customers Overdue

### Description

Use this procedure to open **Customers overdue**, select an aging period and sort the list so the largest overdue amounts appear first.

### Responsibility

- Collections Officer: identifies customers with overdue balances.

### Initiation

- A Collections Officer needs to identify which customers to contact about overdue balances.

### Procedure

Complete these steps to review customers overdue:

| Action | Description |
|---|---|
| *PROCESS START* | *Pre-requisites:*<br>• Access to D365 and to the **Customer credit and collections** workspace.<br>*Responsibility:*<br>• Collections Officer |
| 1. *Check* the **Entity**. | Confirm you are signed into the correct **Legal Entity** (top-right). |
| 2. *Click* **Workspaces**. | From the **Navigation Pane**, click **Workspaces**, then select **Customer credit and collections**. |
| 3. *Click* **Customers overdue**. | In the workspace, click **Customers overdue**. |
| 4. *Select* the aging period. | Select the aging period you are working on, for example **90+**. |
| 5. *Sort* the overdue amount from largest to smallest. | Sort the overdue amount column in descending order so the largest overdue amounts appear first. |
| 6. *Add* the email address column. | Optional. Add the email column with **Insert columns** (see the AR Collections Personalized Views guide). Otherwise, go to step 7. |
| 7. *Review* the balance due and overdue amount. | Check the aging period, then compare each customer's balance due with the overdue amount, largest first. |
| *PROCESS COMPLETE* | *Outcomes:*<br>• **Customers overdue** shows the selected aging period, sorted from the largest overdue amount. |

# 2. Check an Overdue Balance Before Contact

## Description

Use this procedure to check that a customer's overdue balance is valid before you contact the customer. You open the customer account from **Customers overdue**, review what makes up the overdue amount and check low-value balances for fees or overpayments.

## Responsibility

- Collections Officer: confirms an overdue balance is valid before contact.

## Initiation

- A Collections Officer is about to contact a customer about an overdue balance.

## Procedure

Complete these steps to check an overdue balance:

| Action | Description |
|---|---|
| *PROCESS START* | *Pre-requisites:*<br>• **Customers overdue** is open (see Review Customers Overdue).<br>*Responsibility:*<br>• Collections Officer |
| 1. *Select* the customer. | In **Customers overdue**, select the customer whose balance you are checking. |
| 2. *Open* the customer account. | Open the customer account from the list. |
| 3. *Review* the overdue balance. | Check which transactions make up the overdue amount. |
| 4. *Check* a low-value balance. | If the overdue amount is low, check whether it represents fees or an overpayment rather than an unpaid invoice. |
| 5. *Confirm* the balance is valid. | Contact the customer only when the overdue balance is valid. If it is not, do not contact the customer and investigate the balance first. |
| *PROCESS COMPLETE* | *Outcomes:*<br>• You have confirmed whether the overdue balance is valid before contacting the customer. |
