About this guide

WHAT is this guide used for?

This guide includes context and step-by-step 'how to's' about the **D365 F&O: AR Collections Workspace process**. It has been developed as the primary on-the-job reference to support WTG team members responsible for completing D365 F&O system tasks.

HOW to navigate this guide?

This guide is made up of Parts and Topics. A Part represents a collection of related topics (e.g., a set of related procedures). A Topic represents a specific item of information related to the Part. Each Part and Topic can be accessed from the Table of Contents.

Part 1: What do I need to know?

This part provides an overview of the end-to-end business process covered in this document. It outlines the purpose, scope, and context of the process within the broader functional stream, and introduces key roles, systems, and activities involved.

Part 2: How do I do it?

This part contains detailed steps on completing specific tasks in the D365 system. The instructions used in this guided approach are split into two main (2) sections:

- Action: section one (1) of the information table; one individual action per row, beginning with an italicized verb.
- Description: section two (2) of the information table; location, exact values, context, expected results and relevant notes.

Note: Part 1 and Part 2 will be consistent across all D365 Procedure Guides (PGs). PGs may include additional Parts covering major topics related to the specific module / PG.

Hyperlinks

Hyperlinks are used throughout this document. *Click* on a hyperlink to directly navigate to another topic in this guide, or to an external resource.

Key

The table below defines what colors are used to highlight specific sections in this document:

Color	Definition
	Highlight an off-system action
	Highlights the start / end of a step.
	Highlights the end of the process.

Part 1: What do I need to know? (AR Collections Workspace)

High-level process

Part Description

This guide explains how a Collections Officer opens the **Customer credit and collections** workspace and finds the sections used in normal collection work: **Customers overdue**, **Payment journals not posted**, **Notes** and **Open payment journals**. The work done in each section is covered by its own guide. Interpreting the workspace indicators is outside the scope of this guide.

Initiation

- A Collections Officer starts their collection work for the day.

Stream

Stream	Process Area	Key Roles
Accounts Receivable	AR Collections	• Collections Officer

Process

The high-level process is as follows:

#	Action	Who	When	Where
1	Open the Customer Credit and Collections Workspace	Collections Officer	At the start of collection work	D365
2	Locate Collection Work in the Workspace	Collections Officer	After opening the workspace, to find the section needed	D365

© 2026 WiseTech Global

Roles and responsibilities

Overview

The Collections Officer uses the workspace in their own D365 session.

Tasks / Business Roles	Collections Officer
Open the Customer Credit and Collections Workspace	R
Locate Collection Work in the Workspace	R

*R = Responsible

Key concepts

Overview

Before you start, you need to know what the workspace is, which of its sections are used in AR Collections, and how it differs from the Credit and collections module.

The Customer credit and collections workspace

Term	Description
Workspace	A D365 page that brings together the information and tasks for one area of work. The **Customer credit and collections** workspace is the starting point for collection work.
Sections used in AR Collections	**Customers overdue**, **Payment journals not posted**, **Notes** and **Open payment journals**.
Other sections	The workspace also shows sections such as **Open cases**, **Customers over credit limit** and **Collections letters not printed**. Which of these are used in AR Collections is pending confirmation.

Workspaces and modules

Term	Description
Workspace or module	The **Customer credit and collections** workspace opens from **Workspaces**. The **Credit and collections** module opens from **Modules** and lists pages such as **All customers** and **Aged balances**.

Part 2: How do I do it? (AR Collections Workspace)

1. Open the Customer Credit and Collections Workspace

Description

Use this procedure to open the **Customer credit and collections** workspace from **Workspaces** in the **Navigation Pane**.

Responsibility

- Collections Officer: opens the workspace to start collection work.

Initiation

- A Collections Officer starts their collection work for the day.

Procedure

Complete these steps to open the workspace:

Action	Description
PROCESS START	*Pre-requisites:* • Access to D365 and to the **Customer credit and collections** workspace. *Responsibility:* • Collections Officer
1. *Check* the **Entity**.	Confirm you are signed into the correct **Legal Entity** (top-right).
2. *Click* **Workspaces**.	From the left-hand **Navigation Pane**, click **Workspaces**.
3. *Select* **Customer credit and collections**.	Select the **Customer credit and collections** workspace from the list.
4. *Confirm* the workspace is open.	Check that the **Customer credit and collections** workspace is displayed for the legal entity you selected in step 1.
PROCESS COMPLETE	*Outcomes:* • The **Customer credit and collections** workspace is open.

2. Locate Collection Work in the Workspace

Description

Use this procedure to find the workspace sections used in normal collection work. Each section links to the work covered by its own guide.

Responsibility

- Collections Officer: finds the workspace section needed for the task.

Initiation

- A Collections Officer needs to find where a collection task starts in the workspace.

Procedure

Complete these steps to locate collection work in the workspace:

Action	Description
PROCESS START	*Pre-requisites:* • The **Customer credit and collections** workspace is open (see Open the Customer Credit and Collections Workspace). *Responsibility:* • Collections Officer
1. *Locate* **Customers overdue**.	Find **Customers overdue**. Use it to review customers with overdue balances.
2. *Locate* **Payment journals not posted**.	Find **Payment journals not posted**. Use it to identify customer payment journals that have not been posted.
3. *Locate* **Notes**.	Find **Notes**. Use it to review customer collection notes (see the AR Collections Notes and Activities guide).
4. *Locate* **Open payment journals**.	Find **Open payment journals**. Use it to start investigating unallocated customer payments.
5. *Open* the section you need.	Open the section for your task and continue with the guide for that task.
PROCESS COMPLETE	*Outcomes:* • The workspace section for the task is open.

Part 3: Reports (AR Collections Workspace)

Overview

Reports for this process are pending SME confirmation.
